

# November 2008 - Block of the Month - The Sawtooth Star

In this block of the month packet are:

- Block drawing and general instructions
- Rotary cutting & piecing instructions
- Paper piecing foundations
- Templates

Check the sizes of what you get when you print the foundations or templates so that your block comes out the right size.

Paper piecing foundation sizes should be:

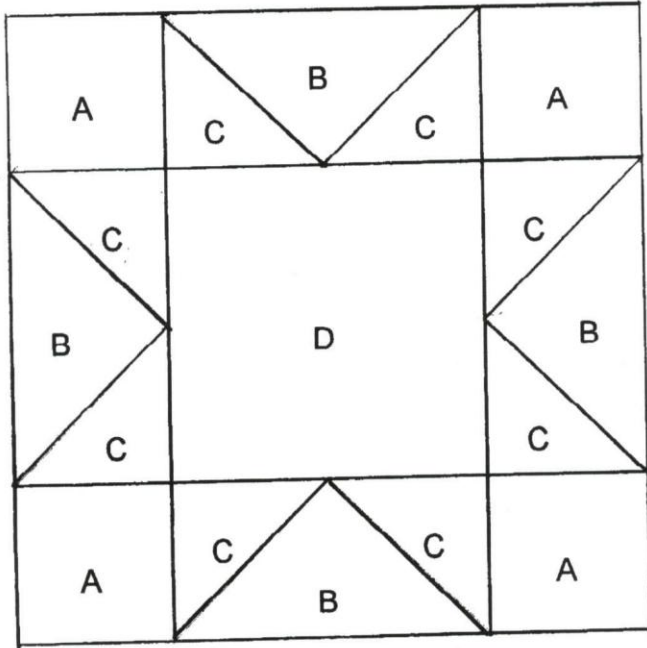

- ⇒ Sawtooth star unit A — 1 1/2" x 6" (finished size lines)
- ⇒ Sawtooth star unit B — same size as A
- ⇒ Sawtooth star unit C — 3" x 4 1/2" (finished size lines)
- ⇒ Sawtooth star unit D — 3" x 1 1/2" (finished size lines)

Template sizes should be:

- ⇒ A — 1 1/2" square (finished size)
- ⇒ B — 3" base of triangle (finished size)
- ⇒ C — 2 1/8" base of triangle (finished size)
- ⇒ D — 3" square (finished size)

**Sawtooth Star**  
Pattern for 6.00x6.00 block

6" finished size  
(6 1/2" unfinished)

Since it's fall - let's do the sawtooth star in fall colors - oranges, yellows, browns!  
Background pieces (A) should be a coordinating light neutral (tan, light yellow, cream).  
Star points + star center do not have to be all the same color.

## Sawtooth Star -- Rotary Cutting Instructions

For the 6" block, CUT:

- ⇒ four 2" squares (A)
- ⇒ four 2" x 3 1/2" rectangles (B)
- ⇒ eight 2" squares (C)
- ⇒ one 3 1/2" square (D)

Assembly:

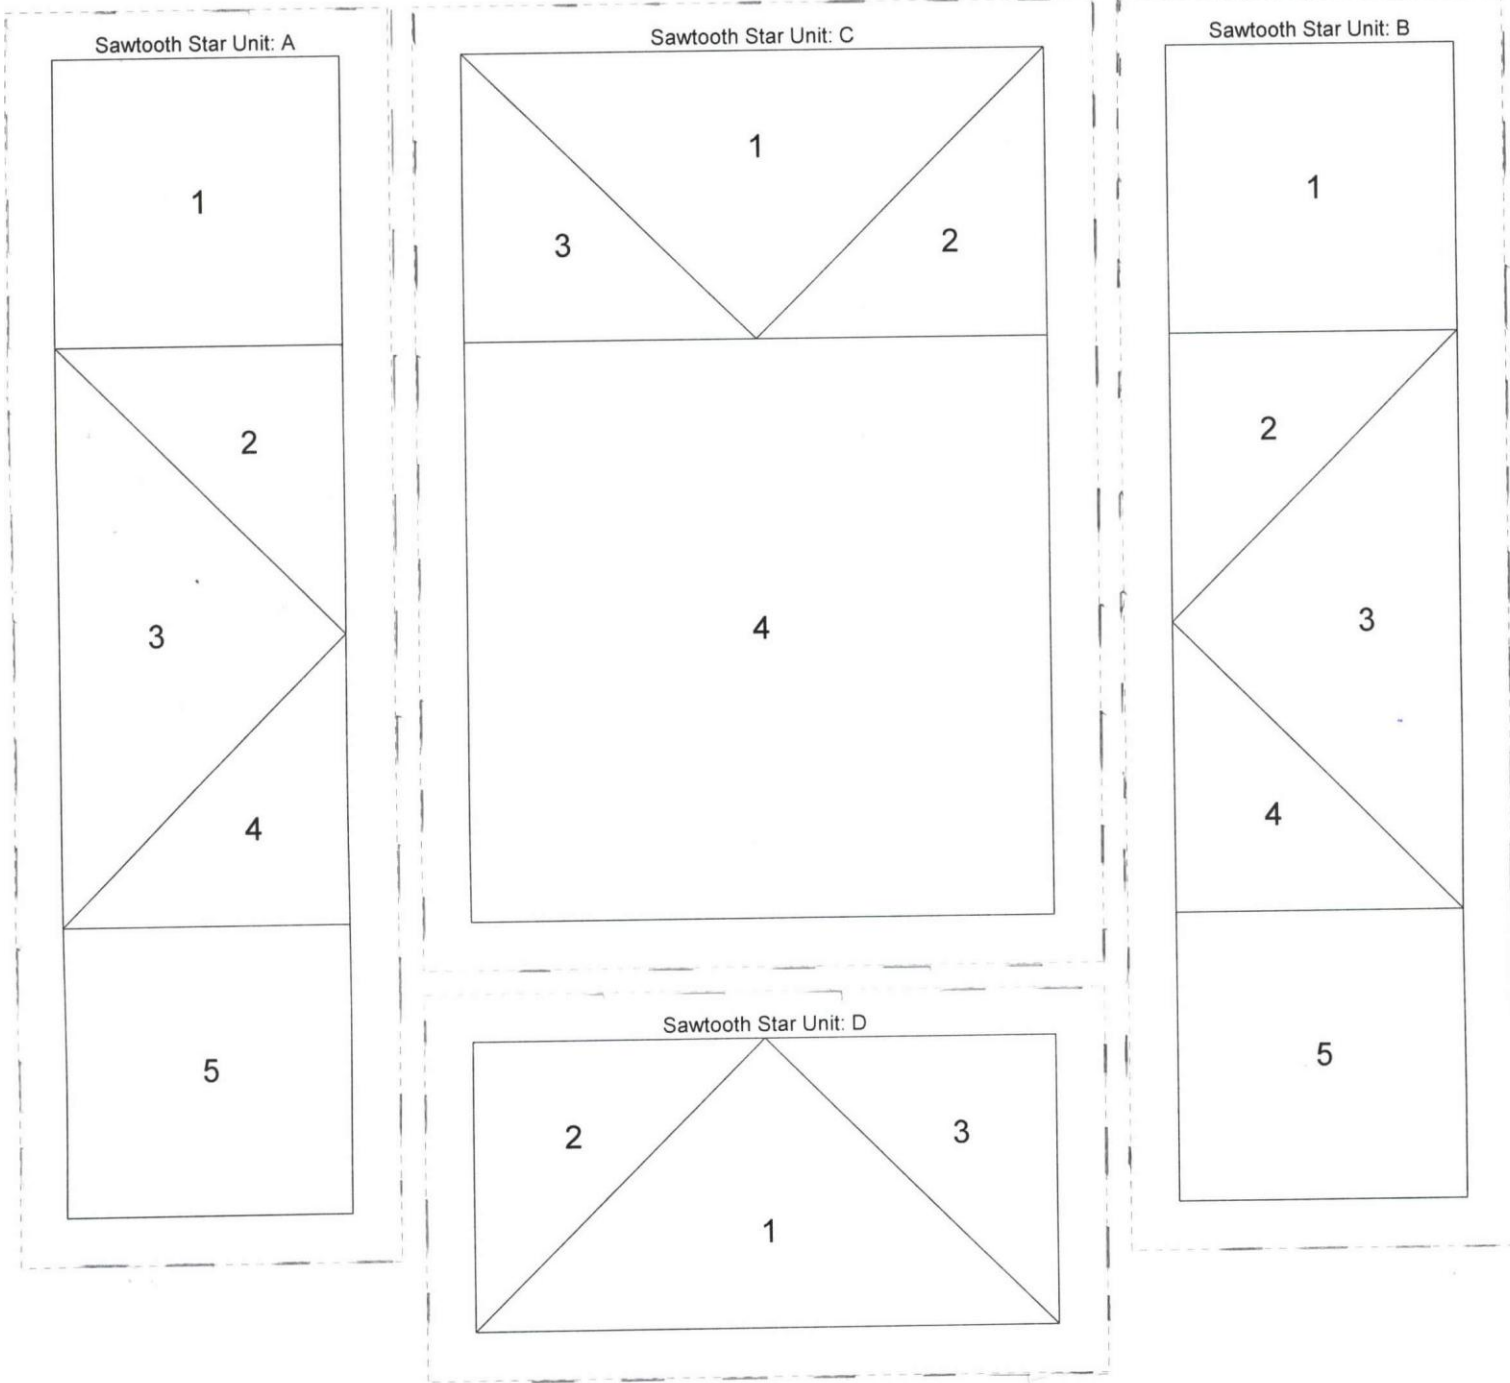

- 1) Sew pieces B & C together to make four Flying Geese units
- 2) Assemble rows with  
A, BC A  
BC, D, BC  
A, BC, A
- 3) Sew rows into block
- 4) Square up your block to the unfinished size of 6 1/2"
