

## Butterflies! Block of the Month for March 2008

Paper-pieced pattern provided, and you can use it to create templates if you want. Finished size of the block will be 6" (unfinished size of what you submit to the drawing should be 6 1/2"). If you are paper-piecing, leave the paper in but please use a short stitch length when sewing so the recipient can easily remove the paper when assembling her quilt!

Please use vivid colors for the butterfly wings (pieces 2 and 4).

The butterfly's body should be a dark color (piece 7)

The rest of the pieces are background (pieces 1,3,5,6,8) -- please use off-white (off-white solid or off-white subtle print that "reads" as a solid from a distance)

Have fun embellishing the block if you wish (beads on the wings where there might be spots, metallic thread antennae, etc.). Use your imagination to make your butterfly beautiful.
